

FY2016 Shannon Community Safety Initiative
Procurement Questions and Responses

Q. For previously funded agencies, the February funding amount you refer to, is that the full amount we received or is it the amount that was cut due to 9c?

A. It is the amount that reflects the February 2015 9c reductions.

Q. Does the Partner Selection Workbook count in the 5 page limit of the Partner Selection portion?

A. No. The Partner Selection Workbook does not count, but there is 6th page within the narrative where the Workbook can be attached.

Q. What is the role of the reintegration programs in this AGF? And is it possible for the Sherriff's Offices to apply?

A. Reentry programs are allowed. Sheriff's offices can apply, however not as a standalone agency, as a Sherriff's Office cannot act as a lead agency within the Shannon CSI.

Q. Could you clarify the letter of collaboration? Is that one letter with all signatures or multiple letters?

A. Letters of collaboration can be either one letter with multiple signatures or multiple letters.

Q. The 'Printed Name' and 'Title' sections on Attachment A is unwriteable. As such, we could not fill in these sections.

A. A revised Cover Page (Attachment A) has been reposted to the website.

Q. Cell B74 Contracts/Consultants in the Budget Excel Workbook (Attachment C) asks for a program name but you can only type in a \$ amount.

A. A revised Budget Excel Workbook (Attachment C) has been reposted to the website.

Q. Attachment B (Program Narrative) is not fillable.

A. Attachment B (Program Narrative) will need to be saved to your computer before you can fill out this document. As an FYI, the first page of this document is not fillable.
